Abstrak

GLOPLAY – Glodok Game Center terletak di kawasan Glodok TOD MRT Fase II, dimana proyek ini merupakan sebuah pusat permainan terbesar di Jakarta. GLOPLAY memiliki spesialisasi dalam penggabungan beberapa jenis permainan/ games mulai dari games modern dan tradisional. Permainan tradisional yang diwadahi berasal dari Tiongkok akibat adaptasi dan respon terhadap lokasi tapak yaitu di Glodok dimana merupakan kawasan Pecinaan terbesar di Indonesia. Proyek ini bertujuan untuk menghadirkan ruang rekreasi dan kompetisi guna meningkatkan sosio-ekonomi kawasan Glodok sekaligus melestarikan budaya, serta menjadi magnet wisatawan dan pengunjung MRT.

.....GLOPLAY – Glodok Game Center is located in the Glodok TOD MRT Phase II area, where this project is the largest game center in Jakarta. GLOPLAY specializes in merging several types of games, ranging from modern and traditional games. The traditional games that are accommodated are originated from China as a result of adaptation and response to the site location, namely in Glodok, which is the largest Chinatown area in Indonesia. This project aims to provide space for recreation and competition to improve the socio-economy of the Glodok area while at the same time calming culture, as well as becoming a magnet for tourists and MRT visitors.
