## Abstrak

Perputaran ekonomi masyarakat terjadi dikarenakan adanya Shopping Center. Shopping Center merupakan kompleks pertokoan yang dikunjungi untuk membeli, melihat dan membandingkan barang-barang dalam memenuhi kebutuhan ekonomi social masyarakat serta memberikan kenyamanan dan keamanan berbelanja bagi pengunjung. Salah satunya adalah pada Kawasan Sawah Besar yang berada di area transisi antara pemukiman padat, stasiun transit hub, perdagangan, pariwisata dan menjadi trademark sebagai kawasan penjualan otomotif. Kawasan Sawah besar ini juga masuk ke dalam Kawasan TOD (Transit Oriented Development).

..... The community's economic turnover occurs due to the existence of a Shopping Center. Shopping Center is a shopping complex that is visited to buy, view and compare goods in meeting the socio-economic needs of the community as well as providing shopping comfort and security for visitors. One of them is the Sawah Besar area which is in a transition area between dense settlements, transit hub stations, trade, and tourism and has become a trademark as an automotive sales area. The Sawah Besar area is also included in the TOD (Transit Oriented Development) Area.
