Abstrak

Sebelum menjadi apoteker, calon apoteker melaksanakan praktik kerja profesi apoteker hal ini dilakukan sebagai upaya untuk meningkatkan pengetahuan dan keterampilan calon apoteker mengenai peran, fungsi, dan tanggung Jawab apoteker serta mendapatkan gambaran pekerjaan kefarmasian. Praktik Kerja Profesi Apoteker dilaksanakan di lima tempat yakni, PT. Aventis Pharma pada periode Maret - April 2022, Apotek Kimia Farma 399 periode Juni 2022, Rumah Sakit Universitas Indonesia periode Juli – Agustus 2022, Puskesmas Kecamatan Matraman periode September 2022, dan PT.Kimia Farma Trading and Distribution Cabang Jakarta 3 periode Oktober 2022. Setelah pelaksanaan Praktik Kerja Profesi Apoteker di industri, apotek, rumah sakit, puskesmas, dan pedagang besar farmasi calon apoteker diharapkan dapat memiliki wawasan, pengetahuan, keterampilan, dan pengalaman yang cukup sehingga siap untuk memasuki dunia kerja sebagai apoteker yang kompeten dan profesional.

.....Before becoming a pharmacist, prospective pharmacists carry out work practices in the pharmacist profession as an effort to increase the knowledge and skills of prospective pharmacists regarding the roles, functions and responsibilities of pharmacists and to get an overview of pharmaceutical work. Pharmacist Professional Work Practices are carried out in five places namely, PT. Aventis Pharma for the period March - April 2022, Kimia Farma Pharmacy 399 for the June 2022 period, University of Indonesia Hospital for the July - August 2022 period, the Matraman District Health Center for the September 2022 period, and PT.Kimia Farma Trading and Distribution Jakarta Branch 3 for the October 2022 period. After implementation of Pharmacist Professional Work Practices in industry, pharmacies, hospitals, health centers, and pharmaceutical wholesalers. Pharmacist candidates are expected to have sufficient insight, knowledge, skills and experience so that they are ready to enter the world of work as competent and professional pharmacists.
