Abstrak

<Pedagang Besar Farmasi (PBF) merupakan salah satu pihak yang melakukan pendistribusian produk farmasi termasuk Cold Chain Product (CCP). Kimia Farma Trading & Distribution (KFTD) Cabang Jakarta 3 merupakan salah satu PBF yang menyalurkan CCP ke berbagai fasilitas pelayanan kesehatan. Oleh sebab itu, KFTD Jakarta 3 harus memiliki prosedur pendistribusian yang dapat menjamin stabilitas CCP yang didistribusikan. Dalam rangka memastikan kemampuan proses pendistribusian tersebut dapat menjaga stabilitas produk, maka perlu dilakukan validasi terhadap proses distribusi CCP dari KFTD Jakarta 3.Pharmaceutical distributor is one of the parties distributing pharmaceutical products including Cold Chain Products (CCP). Kimia Farma Trading & Distribution (KFTD) Jakarta 3 Branch is one of the PBFs that distributes CCP to various health care facilities. Therefore, KFTD Jakarta 3 must have a distribution procedure that can guarantee the stability of the distributed CCP. In order to ensure the ability of the distribution process to maintain product stability, it is necessary to validate the CCP distribution process from KFTD Jakarta 3.
