Abstrak

Pelaksanaan pelayanan kefarmasian di apotek harus mengacu pada Peraturan Menteri Kesehatan Nomor 73 Tahun 2016. Salah satu tugas apoteker di apotek adalah memastikan praktik pelayanan kefarmasian dijalankan sesuai dengan standar pelayanan kefarmasian di apotek. Pengamatan tugas khusus di Apotek Roxy Pondok Labu. Berdasar hasil observasi, kegiatan pengelolaan sediaan farmasi, alat kesehatan, dan BMHP serta pelayanan farmasi klinis yang diterapkan di Apotek Roxy Pondok Labu telah sesuai dengan Peraturan Menteri Kesehatan Nomor 73 Tahun 2016. Namun dalam implementasi pelayanan farmasi klinis, terdapat beberapa kegiatan yang belum terlaksana di Apotek Roxy Pondok Labu, seperti konseling, pemantauan terapi obat, pelayanan kefarmasian di rumah, dan monitoring efek samping obat. Pada pengkajian resep terdapat beberapa pertimbangan klinis yang tidak dikaji, seperti reaksi obat yang tidak diinginkan, kontra indikasi, dan interaksi obat.

.....

The implementation of pharmaceutical services in pharmacies must refer to Regulation of the Minister of Health Number 73 of 2016. One of the duties of pharmacists in pharmacies is to ensure that pharmaceutical service practices are carried out by pharmaceutical service standards in pharmacies. Observation of special assignments at the Roxy Pondok Labu Pharmacy. Based on the results of observations, the management of pharmaceutical preparations, medical devices, and BMHP as well as clinical pharmacy services implemented at the Roxy Pondok Labu Pharmacy is by the Regulation of the Minister of Health Number 73 of 2016. However, in the implementation of clinical pharmacy services, several activities have not been carried out in Roxy Pondok Labu Pharmacy, such as counseling, monitoring of drug therapy, home pharmacy services, and monitoring of drug side effects. In reviewing prescriptions, several clinical considerations were not reviewed, such as unwanted drug reactions, contraindications, and drug interactions.
