Abstrak

PT. MJG sebagai distributor alat kesehatan dan pedagang besar farmasi yang tersertifikasi IDAK (Izin Distribusi Alat Kesehatan) harus dapat mempertahankan implementasi aspek-aspek yang dimuat CDOB (Cara Distribusi Obat yang Baik) dan CDAKB (Cara Distribusi Alat Kesehatan yang Baik). Aspek personalia, bangunan, dan fasilitas merupakan beberapa aspek yang terdapat pada pedoman teknis CDOB dan CDAKB. Personil sangat berperan penting, dengan keahlian dan jobdesk masing-masing personil untuk dapat menjaga mutu rantai distribusi berjalan dengan baik. Sedangkan, bangunan dan fasilitas sangat berperan penting sebagai pelindung dan penunjang mutu rantai distribusi agar terhindar dari kontaminasi dan hal yang mengancam. Sehingga pemantauan, pemeliharaan dan konsistensi kesesuaian implementasi aspek personalia, bangunan, dan fasilitas di PT. MJG penting dilakukan. Berdasarkan studi literatur mengenai persyaratan aspek personalia, bangunan, dan fasilitas yang terdapat di Cara Distribusi Obat yang Baik (CDOB) dan Cara Distribusi Alat Kesehatan yang Baik (CDAKB) disertai dengan wawancara dengan staff PT. MJG, serta pengamatan dan analisis, diperoleh kesimpulan bahwa aspek personalia, bangunan, dan fasilitas telah diimplementasikan dengan baik oleh PT. MJG dan sesuai seperti yang dipersyaratkan pada CDOB dan CDAKB.

..... PT. MJG, as a distributor of medical equipment and a wholesale pharmaceutical trader certified with IDAK (Medical Equipment Distribution Permit), must be able to maintain the implementation of the aspects outlined in Good Distribution Practice for Medical Devices (CDOB) and Good Distribution Practice for Medical Equipment (CDAKB). Personnel, buildings, and facilities are some of the aspects covered in the technical guidelines of CDOB and CDAKB. Personnel play a crucial role, with their respective skills and job responsibilities ensuring the quality of the distribution chain. On the other hand, buildings and facilities are important for protecting and supporting the quality of the distribution chain to prevent contamination and potential threats. Therefore, monitoring, maintenance, and consistent adherence to the suitability of the implementation of personnel, buildings, and facilities aspects at PT. MJG are important. Based on a literature review regarding the requirements of personnel, buildings, and facilities aspects outlined in Good Distribution Practice for Medical Devices (CDOB) and Good Distribution Practice for Medical Equipment (CDAKB), along with interviews with PT. MJG staff, as well as observations and analysis, the conclusion is drawn that PT. MJG has successfully implemented the personnel, buildings, and facilities aspects in accordance with the requirements of CDOB and CDAKB.
