## **Abstrak**

Dalam menjalankan upaya pelayanan kesehatan, Puskesmas wajib menyelenggarakan pelayanan kefarmasian diantaranya penyimpanan obat LASA, pengkajian resep dan pelayanan resep. Pelayanan kefarmasian ini wajib mengikuti standar pelayanan kefarmasian di Puskesmas yang di atur dalam Peraturan Menteri Kesehatan nomor 74 tahun 2016. Pada laporan ini dilakukan pembuatan daftar obat LASA,dan alur pelayanan resep di Puskesmas Kecamatan Kramat Jati. Laporan ini dibuat berdasarkan hasil observasi, penelusuran literatur dari peraturan perundang-undangan yang berlaku serta wawancara dengan Apoteker Penanggung Jawab di Puskesmas Kecamatan Kramat Jati. Hasil observasi menunjukan bahwa dalam daftar obat LASA terdapat 18 obat yang tampak sama (look alike) dan 12 obat dengan pengucapan sama (sound alike). Hasil observasi terhadap alur pelayanan resep menunjukan bahwa terdapat dua alur pelayanan resep yaitu alur pelayanan resep dalam gedung dan poli ISPA. Kedua hasil observasi tersebut menunjukan bahwa Penyimpanan obat LASA dan alur pelayanan resep di Puskesmas Kecamatan Kramat Jati telah sesuai dengan standar pelayanan kefarmasian di Puskesmas yang diatur dalam Peraturan Menteri Kesehatan nomor 74 tahun 2016.

..... In carrying out health service efforts, Community Health Centers are required to provide pharmaceutical services including storing LASA drugs, reviewing prescriptions and providing prescription services. Pharmaceutical services are required to comply with pharmaceutical service standards at the Puskesmas which are regulated in Minister of Health Regulation number 74 of 2016. This report contain the lists of LASA drugs, and the flow of prescription services at the Kramat Jati District Health Center. This report was prepared based on observations, literature searches from applicable laws and regulations and interviews with the pharmacist in charge at the Puskesmas Kramat Jati District. The observation results show that in the LASA drug list there are 18 drugs that look alike and 12 drugs that sound alike. The results of observations on the prescription service flow indicated that there were two prescription service flows, namely the prescription service flow in the building and URTI poly. Both of these observations show that LASA drug storage and prescription service flow at the Kramat Jati District Health Center are in accordance with the pharmaceutical service standards at the Health Center stipulated in Minister of Health Regulation number 74 of 2016.
