Abstrak

Penyandang difabel pada kawasan sekitar manggarai mencapai 25 orang. Para difabel kesulitan untuk beraktivitas normal karena keterbatasan yang mereka miliki, membuat mereka kesulitan untuk bersosialisasi. Berkebun merupakan salah satu kegiatan yang memberikan dampak positif bagi para difabel, melalui petalls floristic studio para difabel diberikan ruang untuk melakukan kegiatan yang dapat meningkatkan kesehatan mental dan fisik pada difabel. Perancangan petalls floristic studio bertujuan untuk menciptakan lapangan pekerjaan yang aman dan nyaman bagi para difabel serta mendorong aktivitas sosial para difabel.

..... There are 25 people with disabilities in the area around Manggarai. People with disabilities have difficulty carrying out normal activities because of the limitations they have, making it difficult for them to socialize. Gardening is one of the activities that has a positive impact on people with disabilities. Through the Petalls Floristic Studio, people with disabilities are given space to carry out activities that can improve the mental and physical health of people with disabilities. The design of the Petalls Floristic Studio aims to create safe and comfortable employment opportunities for people with disabilities and encourage social activities for people with disabilities.
