

Elections in Japan in 1999

Reed, Steven R, author

Deskripsi Lengkap: <https://lib.ui.ac.id/detail?id=9999920567495&lokasi=lokal>

Abstrak

This article reports on the gubernatorial elections, by-elections, and party leadership elections held during the calendar year 1999. Many of the elections were fascinating but few offered any clear lessons about the future of Japanese democracy or even the outcome of the forthcoming general election. The key to many was the position taken by Komei and the behavior of its voters.
