

How to Stay Young and Healthy in a Toxic World: The Essential Anti-Aging Program for a Longer, More Vigorous Life

Gittleman, Ann Louise, author

Deskripsi Lengkap: <https://lib.ui.ac.id/detail?id=9999920579103&lokasi=lokal>

Abstrak

Exploring the four greatest hidden threats to health - sugar, parasites, heavy metals and radiation - this guide provides a comprehensive toxic invaders questionnaire, which the reader can use to create a personal programme for detoxification and healing.
