ACKNOWLEDGMENTS

First and foremost the writer would like to praise and thank God for all His blessings and benevolence, without His grant the thesis entitling ‘Corporate Social Responsibility from A Firm’s Perspective: A Case Study at PT.Unilever Indonesia Tbk.’ would not be possible. There are many others whom the writer would like to give thanks to due to their help and support throughout the making of the thesis. I would like to express my gratitude to the following:

1. My family, Mama, Aba, Fauzan, Ria, Rima and Aisya also the rest of my family especially my grandmother, Mama Yus who all have been nothing but supportive to me with their love and moral support.

Furthermore, I can never describe how thankful I am for the rare opportunity the staffs at UPF have given me to participate in a world-class event, the United Nations for Climate Change Conference and for trusting me to be in charge of the company's participation in the UNFCCC in Bali. This is definitely a once in a life time experience, frankly it has been tough but it has taught me a lot of lessons.

For the ones I have failed to mention please acknowledge that I am very grateful for the support. In conclusion, this thesis would not be possible without the help of the people I have mentioned and the others who have given me their helping hand and support.
