*When the first time I had entered law faculty of University of Indonesia and chose criminal law as my major, a friend of mine asked why you chose criminal law as your major. At that time I could not answer the question, but now if you ask me with the same question I'm going to say that I chose criminal law as my major because by learning criminal law, I would be able to know my grandfather well. This journey would never have completed without support from a wise old man who had passed away a week before I defended my thesis. He always praised and believed that one day I could be a great lawyer like him.*

*Thus this thesis I dedicated to both of my grandfathers,  
Oemar Seno Adji, Soeparta Karta Admadja,  
my grandmothers and my parents.*
