

ABSTRAK

Nama : Tutun Sugiharto
Program Studi : Magister Manajemen
Judul : Hubungan antara Kepemilikan Manajerial, *Return on Equity* (ROE), *Net Profit Margin* (NPM), dan Tobin's Q dengan *Good Corporate Governance* pada Perusahaan yang Terdaftar di Bursa Efek Indonesia

Tujuan tesis ini adalah untuk mengetahui hubungan antara kepemilikan manajerial, *return on equity* (ROE), *net profit margin* (NPM), dan Tobin's Q dengan *Good Corporate Governance* yang diukur melalui *Corporate Governance Perception Index* (CGPI) pada perusahaan yang terdaftar di Bursa Efek Indonesia. Analisis yang dipergunakan adalah analisis Korelasi *Product Moment Pearson*. Berdasarkan hasil uji korelasi menunjukkan bahwa *return on equity* (ROE) mempunyai hubungan positif dan Tobin's Q mempunyai hubungan negatif dengan *Corporate Governance Perception Index* (CGPI), sedangkan kepemilikan manajerial dan *net profit margin* (NPM) tidak mempunyai hubungan dengan *Corporate Governance Perception Index* (CGPI).

Kata kunci :

Good Corporate Governance, kepemilikan manajerial, *return on equity*, *net profit margin*, Tobin's Q, *Product Moment Pearson*

ABSTRACT

Name : Tutun Sugiharto
Study Program : Magister of Management
Title : Relationship between Managerial Ownership, return on equity, net profit margin, and Tobin's Q with Good Corporate Governance which is measured by Corporate Governance Perception Index (CGPI) on Companies Listed in Indonesia Stock Exchange

The aim of this thesis is to study the relationship between Managerial Ownership, return on equity, net profit margin, and Tobin's Q with Good Corporate Governance which is measured by Corporate Governance Perception Index (CGPI) on public companies listed in Indonesia Stock Exchange. The analytical tool in this thesis is Pearson's Correlation Product Moment. Based on the correlation test, the return on equity (ROE) has positive and Tobin's Q has negative correlation with Corporate Governance Perception Index (CGPI), while Managerial Ownership and net profit margin (NPM) do not have correlation with Corporate Governance Perception Index (CGPI).

Key words :

Good Corporate Governance, Managerial Ownership, return on equity, net profit margin, Tobin's Q, Product Moment Pearson
