Abstrak

[ABSTRAK
 Feminisme merupakan salah satu isu menarik yang sering diangkat ke dalam sebuah film. Feminisme sebagai bentuk gerakan sosial memiliki pengaruh yang cukup besar dalam perkembangan dunia perfilman. Feminisme ditunjukkan dengan adanya kesamaan representasi antara perempuan dan laki-laki dalam suatu film. Salah satu film yang mengangkat isu tersebut adalah Majorité Opprimée karya Éléonor Pourriat. Film ini merefleksikan keadaan perempuan dalam masyarakat yang berbeda dari realitas. Selain itu, film ini juga menunjukkan penggambaran feminisme, seperti, kebebasan perempuan dalam menentukan pilihannya, termasuk dalam hal pekerjaan, kebebasan perempuan untuk terlibat aktif di dalam ranah publik, serta bagaimana perempuan mengobjektifikasi laki-laki.ABSTRACT Feminism is one of the interesting issues that are often directed into a movie. Feminism as a form of social movements has considerable influence in the development of film industry. Feminism is indicated by the similarity between the representation of women and men in a film. One of the films that deal with feminism is Majorité Opprimée directed by Éléonor Pourriat. This film reflects the situation of women in unusual society. In addition, this film also shows depictions of feminism, like, women's freedom to make her choice, including in terms of employment, freedom of women to actively participate in the public sphere, as well as how women oppress men;Feminism is one of the interesting issues that are often directed into a movie.
