[ABSTRAK
Sengoku Jidai adalah masa kekacauan di Jepang ketika sengketa di antara tuan tanah sekaligus penguasa militer daerah yang dinamakan daimyo berubah menjadi konflik militer antar klan. Konflik ini lalu meluas menjadi perang saudara yang hampir terus menerus terjadi selama ratusan tahun yang memuncak pada pertengahan abad ke-16 yang disebabkan oleh meluasnya penggunaan senjata api oleh para daimyo. Penelitian ini menjelaskan bagaimana senjata api mempengaruhi strategi yang digunakan para daimyo dalam jalannya peperangan di Jepang pada masa Sengoku Jidai abad ke-16.

ABSTRACT

Sengoku Jidai is a period of disorder in Japan where disputes among land-owning warlords called daimyos escalated into inter-clan military conflict. These conflicts then spread to become hundreds of years of near constant civil war that peaked in the mid-16th century AD because of widespread use of firearms by the daimyos. This research will explain how firearms affect the strategies used by daimyos in the progress of 16th century Sengoku Jidai civil war era in Japan., Sengoku Jidai is a period of disorder in Japan where disputes among land-owning warlords called daimyos escalated into inter-clan military conflict.
