### **Abstrak**

Sport, Policy and Politics is a genuinely comparative analysis of sport policy-making in five countries - Australia, Canada, Ireland, the United Kingdom and North America. Some of the issues raised in this book include: \* the process of sport policy-making \* the administrative framework for sport: the responsibilities of central or federal governments, state governments and local authorities \* the division of responsibility between different levels of government \* how policy-making has addressed the topical problems of drug abuse in athletes, and the provision of sport and physical education in schools.
