Abstrak

The global economic issues presenting the latest thinking of economists on important macroeconomic phenomena. The updated with recent data and extensive coverage of important current issues, such as the economic effects of the war in Iraq, the 2008 financial crisis, and China's emergence as an economic power. In addition, provides an in-depth exploration of one of today's most significant issues--globalization--and its impact on economic growth and poverty, including a comparison of international standards of living and global business insight features that illustrate macroeconomic concepts with examples from around the world.
