

Graphics for urban design / authors: Bally Meeda, Neil Parkyn, David Stuart Walton

Deskripsi Dokumen: <http://lib.ui.ac.id/opac/ui/detail.jsp?id=20372220&lokasi=lokal>

Abstrak

This is a practical guide to producing graphics for urban design projects and planning. Through illustration and narrative, the authors demonstrate how urban regeneration has inspired a growth and mixture of graphic techniques for communicating a projects vision. The guidance includes various methods for producing hand-rendered or computer-generated visuals and details the entire planning process, from community consultations to final reports.
