

Fenomena subprime mortgage dan kebijakan pembiayaan sekunder perumahan di Indonesia., wacana dan dilema yang patut diantisipasi

Deskripsi Lengkap: <https://lib.ui.ac.id/detail?id=120401&lokasi=lokal>

Abstrak

In Indonesia house - financing is potentially very promising which proven by thousands of housing sold in one day at every promotion event held by housing - developer, it is likly selling a "Roasted peanut " even the price of house sold each unit is up to a billion IDR.....
