Abstrak

[ABSTRAK

Skripsi ini membahas mengenai keterkaitan antara Manajemen Risiko dengan pengaturan Multiple License dan penerapan Manajemen Risiko dalam pengaturan Multiple License. Pengaturan Multiple License membatasi kegiatan usaha dan pembukaan jaringan kantor suatu bank berdasarkan modal inti yang dimilikinya. Penelitian ini bersifat yuridis normatif. Hasil penelitian ini menjelaskan bahwa pengaturan Multiple License tersebut merupakan strategi dari pembuat peraturan terhadap bank-bank di Indonesia dalam mengatasi risiko yang ditimbulkan dari tidak sesuainya kemampuan suatu bank dalam menyerap risiko dari kegiatan usaha dan pembukaan jaringan kantor yang dilakukannya akibat modal inti yang lemah.
