Abstrak

[ABSTRAK

Penelitian ini bertujuan untuk mengetahui kriteria pemilihan dominan nasabah dalam menggunakan produk pembiayaan syariah produktif dan konsumtif pada Bank Syariah di Jakarta. Selain itu, juga untuk mengetahui ada atau tidaknya perbedaan kriteria pemilihan dominan antara nasabah pengguna produk pembiayaan syariah produktif dan konsumtif. Untuk menjawab permasalahan pertama, digunakan teknik Analisis Faktor (Factor Analysis), sedangkan untuk menjawab permasalahan kedua, digunakan Analisis Uji Beda Dua Rata-Rata.

Penelitian ini menghasilkan jawaban-jawaban atas kedua permasalahan di atas. Pertama; Kriteria dominan pemilihan nasabah dalam menggunakan produk pembiayaan syariah produktif dan konsumtif pada Bank Syariah di Jakarta adalah Faktor Pelayanan dan Sumber Daya Insani, yang terdiri dari: simpanan aman, pelayanan yang ramah dan sopan dari karyawan/ti bank, pelayanan yang cepat dari para karyawan/ti bank, pelayanan yang memuaskan dari karyawan/ti bank, karyawan/ti yang kompeten dalam menjelaskan produk-produk syariah, dan karyawan/ti yang tanggap terhadap masalah dan responsif. Hasil ini tidak sesuai dengan dugaan awal (hipotesis) penelitian ini. Kedua, Ada perbedaan kriteria dominan pemilihan antara nasabah yang menggunakan produk pembiayaan syariah produktif dan konsumtif. Hal ini sesuai dengan dugaan awal (Hipotesis) penelitian ini.
