

Belajar dari awal radiologi klinis: dari gambar kediagnosis

Eastman, George W., author

Deskripsi Lengkap: <https://lib.ui.ac.id/detail?id=20410931&lokasi=lokal>

Abstrak

Covering all aspects of clinical radiology, this book takes you directly into the clinic, where you learn alongside fictional medical students as they work up actual cases. Illustrated throughout with high-quality images and diagrams, this unique text is structured to help you retain and recall critical clinical information when it really counts
