Deskripsi Lengkap: <https://lib.ui.ac.id/detail?id=20428455&lokasi=lokal>

Abstrak

Society and justiciabellen whose rights and constitutional authority are disadvantaged can defend their rights by requesting to the constitutional court. The problem raises because there is not clear regulation in the mechanism of requesting to the constitutional court, especially on the procedural law. In order the request is not dismissed by the constitutional court, is should be established the regulation relates to the case.
