

Judul:

Optimization of TCE Degradation in Counter-Diffusional, Membrane-Attached, Methanotrophic Biofilms for Remediation of Contaminated Groundwater

Pengarang/Penulis:

Subjek:

Methanotrophic Biofilms-- Computer & mathematical model--Contaminated soil and groundwater-- Solvent and TCE

Nomor Panggil:

JUTE-19-4-Des2005-267

Penerbitan:

Jurnal Teknologi ; Vol. 19 (3) September 2005 : 267-277
