

Judul:

Thermo-hydro-mechanical- chemical processes in fractured porous media : benchmarks and examples

Pengarang/Penulis:

Kolditz, Olaf, editor

Subjek:

Porous materials -- Mathematical models ; Rock mechanics ; Multiphase flow -- Mathematical models ; Porous materials -- Thermal properties-- Mathematical models ; Groundwater flow -- Mathematical models ; Transport theory -- Mathematical models

Nomor Panggil:

e20420039

Penerbitan:

Springer
