

Title:

Analisis prospek hidrokarbon pada zona patahan menggunakan gabungan interpretasi geo electric ivel dan continuous wavelet transform di Lapangan X = Analisis of hydrocarbon prospect in fault zone using the interpretation of geo electric ivel and continuous wavelet transform in X Field

Author:

Amalia Azlin, author

Subject:

Hydrocarbon processing; Hydrocarbon reservoirs

Call Number:

T45352

Publisher:

Fakultas Matematika dan Ilmu Pengetahuan Alam Universitas Indonesia
