

Title:

Korelasi nilai pain assessment scale dengan jarak neurovascular compression terhadap root exit zone pasien trigeminal neuralgia menggunakan magnetic resonance imaging sekuens 3d constructive interference steady state = Correlation between pain assessment scale with neurovascular compression distance related to trigeminal nerve root exit zone in trigeminal neuralgia using 3d constructive interference steady state magnetic resonance

Author:

Harry Topan, author

Subject:

Trigeminal neuralgia; Neurovascular diseases -- Imaging

Call Number:

SP-pdf
