

***Judul:***

Dampak glukosamin terhadap ekspresi gen pluripotensi OCT-4 dan aldh1 sel punca kanker payudara: kajian pensinyalan parakrin terhadap penanda cancer-associated fibroblast stroma = The impact of glucosamine on OCT-4 and aldh1 pluripotent gene expression of breast cancer stem cells: a study of paracrine signaling on stromal cancer-associated fibroblast markers / Fransiscus Nikodemus Hosea

***Pengarang/Penulis:***

Hosea, Fransiscus Nikodemus, author

***Subjek:***

Stem cells; Breast -- Cancer; Glucosamine

***Nomor Panggil:***

T55617

***Penerbitan:***
