

Judul:

Studi penerapan high pass damped filter, static var compensator dan dynamic voltage restorer untuk kehandalan sistem distribusi listrik =
Study of application of high pass filter damped, static var compensator and dynamic voltage restorer for electrical distribution system reliability / Muhammad Asrul Fahrul

Pengarang/Penulis:

Muhammad Asrul Fahrul, author

Subjek:

Electrification; Electric power transmission; Dynamic Voltage Restorer

Nomor Panggil:

T48780

Penerbitan:
