

Title:

Delineasi zona reservoir menggunakan metode magnetotellurik dengan integrasi data geologi dan geokimia daerah F = Reservoir zone delineation using magnetotelluric method with geology and geochemical data integration at geothermal area F

Author:

Fahrian Elfinurfadri, author

Subject:

Magnetotelluric prospecting -- Data processing.; Reservoirs -- Design and construction.

Call Number:

T47880

Publisher:

Fakultas Matematika dan Ilmu Pengetahuan Alam Universitas Indonesia
