

Judul:

Perbandingan Efektivitas Metode Dekontaminasi N-acetyl-L-cysteine-sodium hydroxide(NALC-NaOH) dan Modified Petroff terhadap Kultur Mycobacterium tuberculosis = Comparison of Effectivity between N-acetyl-L-cysteine-sodium hydroxide (NALC-NaOH) and Modified Petroff Decontamination Method in Mycobacterium tuberculosis Culture

Pengarang/Penulis:

Muhammad Rayhan, author

Subjek:

Mycobacterium tuberculosis -- Identification;

Nomor Panggil:

S-Pdf

Penerbitan:
