

Judul:

Pengembangan metode penyeimbang tegangan baterai terkoneksi seri berbasis switched capacitor dengan penambahan shunting resistor dan rangkaian seri dioda = Development of voltage balancing method for series connected batteries based on switched capacitor with addition shunting resistor and series connected diodes / Samsul Hafiz

Pengarang/Penulis:

Samsul Hafiz, author

Subjek:

Switched capacitor circuits; Battery chargers

Nomor Panggil:

T50645

Penerbitan:
