

Title:

Sintesis karbon mesopori termodifikasi etilendiamin dan terimpregnasi nanopartikel Ni sebagai katalis reaksi CO₂ dengan H₂ menjadi metana =
Synthesis of mesoporous carbon modified with ethylenediamine and impregnated Ni nanoparticles as catalyst for hydrogenation of CO₂ with H₂ to methane / Ahmad Ali Ibrahim

Author:

Ahmad Ali Ibrahim, author

Subject:

Nanoparticles; Hydrogenation; Methanation

Call Number:

S-Pdf
