

Judul:

Analisis Protein Saliva Early Childhood Caries terhadap Pembentukan Biofilm Streptococcus mutans serta Kombinasi Streptococcus mutans dan Candida albicans di Rongga Mulut = Analysis of Saliva Protein Early Childhood Caries on Biofilm Formation of Streptococcus mutans and Combination of Streptococcus mutans and Candida albicans in the Oral Cavity

Pengarang/Penulis:

Dian Oktavia, author

Subjek:

Treptococcus Pneumoniae -- pathogenicity; Candida albicans; Streptococcus mutans; Dental caries

Nomor Panggil:

S-pdf

Penerbitan:

Fakultas Kedokteran Gigi Universitas Indonesia
