

Title:

Perbedaan efektivitas antibakteri gel chitosan dengan berat molekul berbeda terhadap jumlah koloni bakteri streptococcus mutans pada permukaan enamel sekitar braket ortodontik : studi In-Vitro =
Differences of antibacterial effectiveness of chitosan gel with different molecular weights against the number of streptococcus mutans colonies on enamel surface around orthodontic bracket : In-Vitro Study

Author:

Della Noor Insany, author

Subject:

Chitosan -- Metabolism; Streptococcus mutans

Call Number:

S-pdf

Publisher:

Fakultas Kedokteran Gigi Universitas Indonesia
