

Judul:

Perbedaan Dua Metode Sterilisasi Instrumen Putar NiTi off-centered terhadap Eliminasi Bakteri Enterococcus faecalis = Difference between Two Sterilization Methods of Off-centered NiTi Rotary Instruments in the Elimination of Enterococcus faecalis

Pengarang/Penulis:

Dwi Kamaratih, author

Subjek:

Enterococcus faecalis; Endodontics--Research

Nomor Panggil:

SP-pdf

Penerbitan:

Fakultas Kedokteran Gigi Universitas Indonesia
