

Judul:

Ketahanan Korosi Temporary Anchorage Device (TAD) Berbahan Stainless Steel terhadap Larutan Kumur Fluoride, Povidone Iodine, dan Kitosan (Studi In-Vitro) = Corrosion Resistance of Stainless Steel Temporary Anchorage Device (TAD) Immersed in Fluoride, Povidone Iodine, and Chitosan Mouthwashes : An In-Vitro Study

Pengarang/Penulis:

Deo Develas, author

Subjek:

Mouthwashes; Fluorides; Povidone-iodine

Nomor Panggil:

SP-Pdf

Penerbitan:

Fakultas Kedokteran Gigi Universitas Indonesia
