

Title:

Penambatan Molekuler Interaksi Senyawa pada Tanaman Plectranthus amboinicus terhadap Protein Target p53 sebagai Kandidat Obat Anti-Aging
= Molecular Docking of Compounds from Plectranthus amboinicus against Target Protein p53 as a Candidate for Anti-Aging Medicine

Author:

Naila Ramadhanty Arifaputri, author

Subject:

Anti aging; Aging prevention; Death (Biology); Longevity

Call Number:

S-pdf

Publisher:

Fakultas Kedokteran Gigi Universitas Indonesia
