

Title:

SYCL vs CUDA vs HIP: Evaluasi Performa dan Portabilitas Berbagai Model Pemrograman GPU pada GPU NVIDIA dan AMD = SYCL vs CUDA vs HIP: Evaluating the Performance and Portability of Different GPU Programming Models on NVIDIA and AMD GPUs

Author:

Nayyara Airlangga Raharjo, author

Subject:

GPU programming; Heterogeneous computing; Parallel computing

Call Number:

S-pdf

Publisher:

Fakultas Ilmu Komputer Universitas Indonesia
